“ I first met Kent in September of 1989 at new officer training at the State Capital he was the guest speaker for Pre Sentence Investigations one afternoon. Out of a class of 12 only 2 were from western Nebraska myself and Dan Schamihorn. He took us out to dinner and took the time to get us better acquainted with the Probation system.

While working in North Platte, I had numerous opportunities to work with him on different cases and committees. After 18 years I transferred I transferred to another district and Kent contacted me and we went to dinner again and continued to have contact with me.

Kent really spoke little of his personal life, but was very proud of Kearney High School for winning the State Championship.

Kent will be missed for his down to earth personality and kind demeanor. He will surely be missed by myself and others.

“ I am so sad about Kent's passing. He was my mentor and friend for 30 years. He was a great leader in Probation, one I knew I could always count on. He lead by example and never expected his Officers to do something he wasn't doing himself. He was respected and loved. We had so many laughs over the years about the crazy things that could happen. He could tell a great story and had a great sense of humor. I wish his well deserved retirement could have been longer. He certainly earned it. Joan, Heather and Jerrod, I am so sorry. God Bless you all

Linda Green - August 27, 2019 at 09:49 AM

“ Kent did a lot of good for many people and his community and state. May his memory be eternal.

Tim O'Dea - August 27, 2019 at 09:34 AM

“ Twenty-some years of employment as a probation officer with Kent as the chief led to a successful career punctuated by a friendship filled with amusing experiences as well as serious situations.

Joan, thank you for allowing me to come into your home for the many meals through the years. Heather, many years latter, Kent and I had a good laugh about the salt in the water prank at one of the meals! Jerrod, I was visiting your home when Jedi, the dog, brought me to tears with laughter as he raced around the furniture.

Kent possessed a leadership that one felt part of his extended family and a leader to his employees. The "Kents" in the world just don't come along everyday.

May God be with you .
