“ *(Kaden Arehart) As to my dad, he always made us feel like we were having the best time of our lives. Even if he was struggling. One of my favorite memories with him, was going out to eat at Chinese restaurants, going to Kearney, and driving golf carts. Even though we visited him every other week on the weekends, I still felt like he was always there, and he is still always going to be here, with me with my siblings, with my family. RIP Dad.*

“ *I miss Tony terribly. Work is not the same. He was a very good friend to me. Whenever I needed help or needed to vent all I had to do was call and he would try to help or just lend his ear to listen. He had the most tender heart but at the same time he didn't take crap from people. Especially at work. Lol*  
*He was one of the best.*
