“ *Barbara and I met back in 2019 in Santa Rosa CA. She was older than me but she had a sparkle in her eye for me. We fell in love and started our journey in life ending up in our lovely hone in Holbrook NE until her sudden passing on May 21st 2026 at 1230pm. I was with her until the very end and although we were not legally married. We were married in each other's hearts. We are forever together forever. Barbara,s Maine coon cat Rusty misses her too and constantly meows looking for her. Barbara was an angel in her final moments and was loved by the residents of Holbrook Nebraska community. Love forever Martin.*
