“ I grew up hearing how amazing Bunny was. I then had the pleasure to work with her and saw for myself. Fly high sweetie, you will be missed!

“ I first met Bunny when I was about 18 years old. Over the years I learned how well known and loved she was by everyone, it seemed. But it wasn't until many years later that I got the pleasure of working with her daily. It was then I understood that Bunny was truly a lovely lady who met the world and its struggles with a loving grace rarely matched. She will be remembered, always.💕💕

“ Oh Bunny you are flying high with the Angels. I remember re-reading a letter she had for her that came from a celebrity name was Bunny. I believe she attending a church where her family did and sent her a letter. The person was Bunny that was a blonde actress in Police Academy. I did look her up on the internet and sure enough it sure was. Bunny loved having it read to her anytime to laugh and excited plus acknowledge the letter. I got to know you on your home when I was the housekeeper. Love you forever and never forget those big smiles.
