“ Cindy was like a sister to me...also one of my best friends. I consider my self blessed for the 24 years that we had together. I will miss that smile, that look of "really..did you just say that"and the laugh following...I will miss dying hair together, sharing special moments and milestones that my children are going thru (as they were like your own). I will miss all the traveling we planned to do and adventure that will never be...I miss you daily and still wait for you to just walk into my home...I know you are at peace and fishing God's beautiful and fish filled lakes in Heaven! Love you girl! See you on the other side!

“ I went to school with Cindy. We graduated together. I no longer live in nebraska, but will always remember the fun silly times we shared. She was an awesome young lady and so much fun to be with. I'm so sorry for your loss. She will be missed.

“ I remember my dad John Moss asking me to reach out to find his
biological family back in 2007. I posted on numerous topic pages for
her to find 5 years later. I will never forget her drive to push for
something bigger and her motivation to bring people together. She
was spontaneous and I loved her from the moment I met her!!

“ Cindy was such a warm, talented and compassionate lady. She was good at everything it seemed, with an unmatched work ethic. I did her orientation when she first came to work at Mount Carmel in the dietary department and later housekeeping and laundry. I also asked for her assistance in trouble shooting some IT problems on my computer. She was always willing to help and I so enjoyed her personality as did all the residents. She was always quick to do extras for them. My heart goes out to you during this time of loss. She was always so appreciative of her family that was there for her, giving her a chance at a good life. Joining with you in sympathy. Trusting God to make it right.

“ *I'm so sorry for your terrible loss. I pray for God's comfort for you now. Cindy was such a great friend and I regret that we lost contact. I look back on the great times we had when we were in cosmetology school and when we had our salon together in Wilcox & I wonder what I could've done to help her. She's in a much better place now. We will all see her again someday.*
