“ I LOVED and greatly admired Delphine. I knew her from Senior College where she always was attentive to learning something new and the Peterson Senior Center where her smiling face and eyes were pretty much a part of the wallpaper. She just made everyone feel comfortable with her presence. I loved her because of her upbeat nature in spite of problems of aging, always with something pleasant to say. I am going to miss her a whole bunch. as she was such a model for the spirit of her generation and our community. God keep you safe, Delphine. with His love.

“ I had Mrs. Sanks for 7th Grade English at Kearney Catholic back in 1981-82--still remember some of the short stories we read, including "Repeat Performance" about the man who could send himself back in time for exactly 57 seconds, and was in an airplane crash--he had to keep re-living his fall from plane or die in the ocean. God bless, Mrs. Sanks.

“ What a fantastic Lady. I was fortunate enough to get to know Delphine and all of her accomplishments back in the late 70s and early 80s when Delphine spent a lot of time teaching me how to windsurf in the waters of Bass Bay, Johnson Lake. A special time I will never forget.

“ We have had the pleasure of knowing and enjoying the company of Delphine, and Lee her loving partner, since about 1995 when my wife and I joined the Kearney Unitarian Universalist Fellowship. We always looked up to Delphine as an inspiration on how to stay vital and continue to be active and engaged with life, no matter what your age. When most of us are slowing down and spending too much time in front of the TV, this pair was going to classes for seniors, grappling with and sharing their views on religious and moral questions, attending local sporting cultural events, and actively supporting various worthy causes. But, most importantly, Delphine was a genuine and wonderful mother figure who showed us how to treat others with love and kindness. We will miss her greatly.

“ Sorry to hear about Delphine's passing. My thoughts and prayers to
Lee and family. I think about the Ayers and Sanks family often,
since both Lee, and John Ayers shaped much of my early life in
Kearney and shared valuable information on business - and life!
Since Ayers Clothing was a family business, Delphine and her
mother were also part of my life, in addition to Lee and the boys. I
fondly remember my time at in Kearney at Ayers Clothing, it was a
boy's dream come true.

“ Lee and Family,,
I am sorry to hear of Delphine's passing and want you to know you are in our hearts and in our thoughts. Delphine was one of the first Big Bend members that I met when I started with Audubon over 20 years ago. As a new person here she was welcoming and always there for support and advice when asked. I recall her helping on prescribed fires and then eventually making sandwiches for the burns as well as for field trips at the Crane Festival. She is a special person and Rowe Sanctuary and all of us benefited greatly from being associated with her. Please take care of each other right now.

“ Mrs. Sanks taught my 8th grade English class and was our librarian...I remember how we enjoyed it when she read 'The Legend of Sleepy Hollow' to us for a unit. She attended my Gold Award ceremony when I received it my freshman year..I will say she did tolerate a bit of extra talking by myself and my friend Molly when we were whispering behind the book stacks!! When I was engaged, we discovered she was in the same sorority as my mother-in-law, Jeanne. I always enjoyed her knowledge of books and 'English facts' and was happy to know her as an adult. I have been a teacher now 30 years myself and appreciate all she did for us at KCHS. Thank you Mrs Sanks...may you rest in peace.

“ *Delphine was/is one of my role-models. This classy lady loaned me many books, gave me the benefit of the doubt if she disagreed with me about something, and invited my introverted self to participate more socially in doing good works in the world. Now, we all find ourselves having to make a new beginning without her. I, for one, am grateful for having known her and will try to live up to her example. She was truly an inspiration. May shared memories be a comfort in this time of sorrow.* ”

What an adventuresome dear couple. Dephine's smile lit up the room. We loved their company when they did B & B with us in Linc on football weekends. Great conversations at the breakfast table.

“ *So sorry to hear the sad news. Delphine was such a special person. Gentle, kind and always with her beautiful smile. I never saw her angry with a person or a situation. She always was the level headed one in the group and she was right 99.99% of the time. My wife and I first became close friend with Delphine and Lee when, in 1982, we four, along with Bob and Rene Baker and Tom and Carol Draper started the Kearney Unitarian Universalist Fellowship. She would be Proud that it still continue in 2020. She gave the students at Kearney Catholic the gift of books and literature and she will be forever in those students minds, whether they know it or not. May Her memory Be A Blessing. יהי זכרו ברכה*
