“ *It was a privilege to be counted among Denise's friends in high school. Over the years we've lost touch, but my condolences and prayers reach out to you, her family. She was a very special person.*

“ *My deepest condolences to family and friends of Denise. What a caring and uplifting friend to all she came in contact with throughout her life. I know that she touched all of us in a special way, but the impact she has had on our youth and staff at Northwest High has been profound. Job well done!! May you enjoy eternal peace and watch over all of us. Love and prayers to the family.*

“ *Dee,
To my friend, hero and role model. I will miss you very much. We had a lot of good times together laughing, talking, playing ball, and riding bikes and our mopeds. God Bless my friend!!!
Love Homer*

“ I hated to read this.... I worked with Denise at the Brass Buckle on Central when she was just starting that part of her career track. I would bump into her from time to time on visits and had always admired how she had grown professionally but maintained her selfless nature and warm demeanor. RIP Smitty, praying the family finds peace and solace in knowing we will all be together again.

“ Our deepest sympathy to Jack, and the Smith family. May your memories and the knowledge that Denise is home with our Heavenly Father bring you comfort.
I'll always remember her smile and the twinkle in her eye. She was always a great leader at KCHS and part of many fond memories I have of high school.

“ I was one year ahead of Dee all through school. We played volleyball together. Even when we were getting trounced by those farm girls in Amherst or Pleasanton she always tried to stay positive and encourage our team mates and keep our moral up. Every time I saw her around town for all those years , she always had a smile and how ya doing? Never heard a bad thing about her. She was a &128142; taken way to soon!!! My heart aches for her entire family!!!! Hugs to all!!!

“ Mrs. Coughlin was an amazing woman. She was my health teacher while I attended Northwest High School. She was also an extremely positive role model in my life. I can remember when everyone was degrading my plans of becoming a veterinarian and she sat me down to explain that it did not matter what anyone said. I was able to do anything that I wanted to do and not to let anyone tell me anything negative. I always say her as a mom more than a teacher or role model. She was always there to pick me up when I was having rough times through school. I spoke with her several times after graduation to only have additional stability talks about doing what I was called to do. She always felt that I would be in a position to help others because she always said that I had a calming about me along with an ability to simply listen and process. Mrs. Coughlin you are amazing and loved your guidance. RIP!!!! I thank the Lord that your pain is all gone and that you have the opportunity to be with our creator. I can't imagine the room or the party that must be being thrown for your return!!!!

“ I worked with Denise back when the Buckle was known as The Brass Buckle located on main street. There is not enough time or space to cover all the Great things about her. She was a sister to me and knowing her was a blessing to me. She will be missed. RIP Smitty

“ I was very sad to hear this about Denise. I was the advertising director for The Buckle when Denise was working for them as a buyer. I really enjoyed her sense of humor and her fun-hearted personality. I remember how she would move her body and smile after she injected a witty remark. I would love running into her at the Grand Island Northwest High School when my daughters were playing basketball for Minden. My condolences are sincerely expressed to her husband and family.

“ Coughlin was a very nice lady. I was in her p.e. class a few years ago. If I couldn't do something that the others could, she would let me do something else. She was kind hearted and very funny. Prayers to her family and friends. I am sorry for your loss.
