“ Devin was such a fun guy. My sister and I loved riding the bus to school every morning with Devin and hearing about his dream to someday own his own bobcat machinery. He has made an impact on many lives, and will be missed greatly. Our prayers are with you during this time.

“ Devin was a very special young man and he will always have a very special place in my heart! I truly was blessed to have worked with Devin in the school system! He was a bright light that lit up our day whenever he walked through our door!

“ I have had the privilege of knowing Devin since my son attended preschool with him. In that time I have watched him grow to be a very independent and remarkable person that touched many lives. As Devin's Coach for Special Olympics, I have watched him become such an integral part of our team. He will be greatly missed by all. I recently spent time with him in a less than ideal situation, and he just made me smile, even though he was not feeling well, he was the one making me smile. The card he brought me later reduced me to tears, it was so special. It still sits on my desk. What a sweet and gentle soul. On the wings of angels you will soar.

“ I am forever changed by knowing Devin. He shared my every day and I had grown quite comfortable & content with that arrangement. If there were a poster person for what living life to the fullest in spite of any difficulties and disabilities one experiences, Devin was that guy. He has taught me so much about the true meaning of independence and being a valuable member of society, I am a better person by knowing such a great and giving guy. I will miss you always.

“ Devon was one of those students I had that I will never forget. He was kind, appreciative, thoughtful, and friendly. I always look forward to talking with him after concert that I played in that he attended. He would ALWAYS come back stage and say hi and ask how I was doing. I still have a note he wrote me many years ago on my bulletin board in my office about a class tour he took to the Minden Opera house and reading my name on the wall back stage. He signed it "Your Buddy, Devon" Rest in peace my friend. God just a new friend to talk with.
