“ Donna, was always so sweet and kind to me. We have lovely conversations about her family and how much she loved you all. We talked about her travels and the world. She always laughed at my silly jokes! Even when I didn’t have the scissors in my hand. She will be deeply missed. I hope in time your suffering of her loss will lessen. Thinking of you all.

Donna was delightful to work with. Very kind and didn't let things get the better of her. She often said, "No big deal," knowing that everything would work out. She spoke often of her family, especially George and her daughter--you were her purpose. Her smile and laughter will remain in my heart's memory. I am thankful to have known her and will miss her presence at MPG.
