“ *I didn't know great uncle Elton well. I heard many stories from my grandpa, Marion Teter, about the adventures, good & bad, that he would get in with his siblings. If he was anything like his brother, he was a truly amazing man. My deepest sympathies!*

“ *I remember Mr Teter from when he taught a short time in Red Cloud. He bowled the same night my dad's team did, and witnessed my first 199 game. Of course he had to tell my class the next day at school. He was a nice man,*

“ In a small town you learn to get to know your neighbors. You look after them and they look after you. I’ve always called him neighbor for as long as I can remember. I’m not crying sad tears I’m crying at the things I remember about you the most. The things I never thought would make me cry but always make me laugh!

Things I will miss about you Neighbor:

Early morning spring time getting woke up by you on your tractor to plow your garden.

You telling me to dump our grass clippings on your garden. Your cigar at football games. Always knowing that you would have a tool that maybe my dad didn’t have to borrow. Always being able to knock on the screen door when the tornado sirens went off to see if we could hide in the basement. Bringing us food from your garden or telling me to come pick some off the picnic table to take him. I’ll miss getting yelled at for climbing the apple trees in the yard. But one thing I’ll always cherish is the time you took from your busy day to say “Hi neighbor”

So as you join Mr Leathers know I’ll always think of you when I see a red barn, and a slow tractor in a small town. No one will ever be referred to as Neighbor because that’s your given name. I will always remember these memories and thank you for them.

 *Love and miss your neighbor. Alyson (Fisher) Crall*

“ What a great guy! I tried to get him to adopt me but he said he had enough sons, so I offered to assist with his heart surgery but he didn’t buy into that either. He will certainly be missed.
