“ *I am so sorry to hear about the passing of Uncle Fred. I am so grateful for the opportunity we had to go to visit with him and other family members over the years. He had such great talent with wood carving etc. (Which he passed on to Freddy) I have always admired what a great family he and Aunt Evelyn raised and the love they have for each other. One of his greatest achievements was all the service he did for others through the years and how he touched so much lives. He will always be remembered here and in Heaven where he has been reunited with so many loved ones and our Savior on the other side. I love you and hope you will find strength and comfort in knowing that this is just temporary and you will be with him again some day.*

“ *Sorry to hear of Fred's passing. Fred was always one of our dear senior dentists in Kearney for all of my career as a dentist. After he retired a number of his patients came to my office and spoke kindly of him. We will always remember the friendly old dentist that has been in Kearney forever.*

“*Doc was Scoutmaster when my brother and I were members of Troop 139. His kind and gentle leadership of our troop was and example for all of us. He taught us that everything was a learning opportunity and I will carry that with me always. Proud to be one of his 18 Eagle Scouts. My prayers and thoughts are with his family - a very special man.*”

“*Dr. Prellwitz was a wonderful person and a great dentist! He took care of my teeth as a teen. I went to school with his children who are all salt of the earth people. I mourn Dr. Prellwitz's passing and also celebrate the wonderful life he had and the contribution he made to others.*”

“*I'm so glad we were able to stop and see him and Aunt Evelyn when we were there in June. We got to see his garden. He was pretty proud of that. That is great he was still able to do some gardening.*”
