“ Betty and I would like to share our condolences with the family. Janell and Ken came to Colorado and visited several times. She loved wine and had heard about the Abby in Canon city producing wine. We visited the Abby and purchased wine and we tasted their variety. They were such a enjoyment to be around. We were in Kearney for our Grandsons baseball game and they took us around to show us places in Kearney. The park where my Gradnpa built a lighthouse during the depression. She was just a super person who I really enjoyed. Ken, her husband, is just like her and fun person too!! We will miss her a bunch!!

“ My thoughts and many prayers go out to all of you . I am so very sorry. There is never a good time to receive your angel wings but helps in some ways to know she is not going to be in pain . She will give you a sign now and then that she is with you and watching over you whether it be a special bird or a special song or just hearing her voice subconsciously about something you do. She is never far away as she will always have that special place in your heart. I feel so bad that I was not able to attend the visitation due to out of town company leaving late nor the funeral as I have 12 residents that have to be done Friday at the Veterans Home. I wish I could reschedule but I don't go back till the 8th if not done tomorrow. Please know I am thinking of you all and sending you all a virtual hug!
