“ Jodi was the best of the best! She was my forever bestie. We ate lots of no bake cookies, and diet coke, sunbathed until we were crispy, watched the movie "Sixteen Candles" "Pretty in Pink" "Breakfast Club" and others over and over, took rides in the country with my HUGE car (pontiac Catalina that fit 8), walked around the lake, played basketball in Orleans with others at Coffee's corner, we called each other when we were stressed and she always could calm me down and make me feel better and help me realize it wasn't a major ordeal after all. She always made me see the different side of things. I always felt better after talking to Jodi. I don't know what I will do without you love your family and friends closely, forgive those who have hurt you and forget those moments of anger and hurt, apologize to those you need to , life is short and we have no control when our last day on earth will be.

“ Many prayers of sympathy to the family. Jodi was my mentor and go-to as I was learning the Human Resources profession at Cabela's. She was always willing to help me and answer any questions I had for her. She was so proud of her kids and always had a fun story to share with us in the HR office.
