“ Oh dear Priscilla. I am sorry to hear this. I got out my photos of your beautiful wedding which I participated in and thought of you all with great fondness. I especially remember your and Larry's patience when you taught me to play pinochle with "the clan". My thoughts are with you in this difficult time. What a grand life you both have had. I hope the many memories will sustain you.

“ Our condolences to Cilla and the entire family for your loss. Larry was a very special person. He had an impact on everyone he came in contact with. He made a difference in his community and he made people around him better. I worked indirectly with Larry at First Commerce. My father (Hugh) got to work shoulder to shoulder with him in Grand Island and Kearney; I got to hear all the stories and times they shared together. There were a lot of stories worth telling! While losing a loved one is never easy, we are all blessed to have had our lives influenced by Larry.

“ Mary and I would like to extend our sincerest sympathy to Cilla, Mark, Jill and all the family at this time of loss and grief. You are all in our thoughts and prayers! Although we had not been in touch the past few years I thought of him often. Larry was a great friend and boss. It is really a unique situation when you are able to make that crossover. Larry and a handful of others were the best hunting and fishing partners I had. Our trips to Harlan, the Platte River, Ogallala and, of course, Canada are my favorite memories! Rest in Peace, "Big Fella"!

“ I didn't know Larry that well. He was my direct Boss for several years during the First National/Wells Fargo Transition Late 99-03. I just remember him smoking cigars in his office and thinking you aren't supposed to smoke inside!? He was truly a boss and didn't take crap from anyone. He was very generous to me and I was very glad to have the experience to work with him. By far, my most favorite job I will ever have. Ben Matheny Mailboy/Service Tech
