“ *I worked for many years at C. T. Ryan Library and Swede worked there quite often on remodeling projects. He was always friendly and would stop by my office for a brief visit. He was a fine carpenter and knew what he was doing. He was kind and thoughtful and will be missed. My sympathy to the family at this sad time.*

“ Swede was always very helpful when we needed something at the College of Nursing. When we started doing simulation, he built us a pretend wall unit we could use with our mannequins. He came up with all sorts of things to make it look realistic. And when Deena was in our program, we got to see him quite a bit. He always did such a good job and in a timely manner. No job was too small or too difficult. Our thoughts and prayers are with his family.
