“ *Marcia was our neighbor since 1967. She was the 11th Ave. historian, since her house was the first one built on 11th Ave and her wonderful memory and curiosity allowed her to keep track of who lived where and when. Marcia always had plans for the next day, week, and month-fun or helpful things 'to do'. My favorite 'Marcia memory' occurred in 1973 when our 14-year-old daughter died in a drowning accident. Marcia sent flowers in a football container specifically to our 11-year old son. She was one of the few who reached out exclusively to him. We still have that football container! “ I am so sad to see this. I will miss Marcia greatly. We became friends about 8 years ago through the Peterson Senior Center and Senior College. OMG. Marcia impressed me so much because she took such good care of herself, was always so cheerful, had interesting things to say and was so very curious to learn more. I just loved and admired her spirit, her smile and just great sense of life that she emulated. God bless you all, and may peace be with you what she will be with you always, through life itself.

“ Marcia was my 4th grade teacher at Park Elementary. In recent years I would see her frequently at the Peterson Senior Activity Center. She would always tell her friends "Meet one of my best 4th grade graduates". She was a delight, always happy and active. I will miss seeing and chatting with her. All of my thoughts and prayers to the family.
