“ *I don't know if this will reach anyone now, but Millie was my piano instructor at KSC. She was so patient with me, through tears and all. And she finally got me squared away to give a Senior Recital. I loved going to my lessons and I loved playing the piano. I live in Papillion and oh how I wished that I would have been able to go visit her and tell her personally how much she meant to me. Rajaena Appleby*

“ This message is to express my sincere condolence to the loved ones of Dr. Mildred McDonald. I had the good fortune to know Dr. McDonald during my collage days from 1961-65. As a music major, Dr. McDonald was a Godsend to me. My piano skills were, to say the least, not very good. Definitely not proficient. It was through the patience and good graces of Dr. McDonald that I was able to meet the piano requirement necessary to receive a music degree. And for that, I am truly grateful. A few years ago when Dr. McDonald was residing at a retirement community in Kearney, my wife and I had the good fortune to have her come to our house for dinner one evening. It was definitely a treat to reconnect with Dr. McDonald after 40 plus years and it created a memory we will cherish forever. Heaven is a better place today for Dr. McDonald has entered into eternal life in the same way she lived here on earth, with dignity and class. Sincerely, R. L. (Bob) Ripp, Ed.D. JOHN 14
