“ My first memory of Stanley was when I was in college at CSU in 1957, I believe it was. We were pretty much the same age...he was 8 months older than I. He looked so young! He was in our field in Nebraska several years. He had Gerry's mother's funeral and my dad's funeral. He was so pleasant to be around.....always wanting to help outespecially cutting wood! If there was ever any babies or kids around, that's where you'd find him....and they loved him. Loved his smile and his simple direct manner of preaching the gospel. That hymn "only remembered by what we have done" has real meaning for Stanley and many who knew him!

“ Stanley was very special to our family and we always looked forward to his visiting at our house. There was never any question that telling the gospel story was his greatest joy. The message on the resurrection at my husband's funeral was one I'll always remember. He did some deer hunting in our neighborhood and he could flesh out a deer so well that a starving coyote would still be starving. Will greatly be missed by my family

“ My First Memory is about 1950. We visited them at the Homeplace and we would go to the creek and bring up water, play in the gulleys and hills, Ride an old Bike, and have a Baseball game. My Folks and Russell grew up together around Seneca, New Mexico Many memories through the years. Sorry to let you go my friend, but your last invitation came and for that we are glad. G'day to all his family, friends, and Co-Workers. Our Thoughts are with you.

“ My memories of Stanley go back a long ways to 1966 in Minnesota when Stanley labored in our (my parent's) field with Kenneth Dissmore. I was only seven years old at the time but I never forgot Stanley & how kind he was to us three Rude girls. It thrilled my heart when we saw him again a few years ago at Eagle Bend convention & he remembered us girls! I can't say I remembered much of what Stanley said to me at age seven but I remembered how he made me feel! And his kindness through all these years has never been forgotten. He will be greatly missed but so thankful for his Godly example in my very young life.

“ So many memories of Stan pouring out his heart sharing the gospel story. He often chose "Was it for me?" and asked the children "Who did Jesus die for?" It was for me. He will be greatly missed for he was greatly loved. Our loss is his gain and we hope to finish faithfully as he did.

“ Stanley has been an ongoing, very helpful part of my family's lives for many years. Words can't even express what the unselfish giving of his life, his example and encouraging words have meant to my parents, and to me personally. Just a bit over a year ago, he had a part in the funeral service of my dear mother, and it meant so much, because he had been close-by and knew her well. He will be missed by so many, but we are comforted to know he has safely reached the other shore. ❤️
Our love & care go out today to his family, his fellow laborers, and his extended spiritual family.

“ Stanley, you made a permanent impact on my young life. There's not a been a worker like you before or since. You made me gag at the breakfast table with your nearly raw eggs! And you never failed to tease an early morning smile out of us! I remember the lump in my throat when you asked me about baptism on our way to preps. But mostly I remember your love and gentleness. With tears, I can say I don't understand your passing. But I'm so thankful for the confidence that you are enjoying what you lived for and encouraged us to live for.
“Rich the harvest you will reap.” Thank you.

“ My dear Morrisons,
Words can't describe my feelings for all of you who have been so dear through the years since Stan brought you into my life. He was so special to work with at Bradley whatever the job at hand with a spontaneous laugh that said "all is well". After Bradley in 1988, he rode back to CO with Mom and Dad for a week of pure joy in the mountains before we came later for the elk hunt and he had gotten his bear. On Nov. 5, I got my first elk on Adeline's 50th birthday and the meeting at Dad and Mom's the next morning was just icing on the cake baked on the old wood range where the bear grease was flowing not long before. Stan went back with us to OK and we've never been the same since. I would like to be with you but not possible so I wish all of you the very best with all the love I can muster. Jim

From a young age our boys would quote something they heard Stanley speak about. All his family have a special place in our hearts. His love for God's word was evident in his life and he encouraged so many of us. He will be missed. Sandy

Stan was such a wonderful, Godly person; he was a delight to be around. I loved listening to him preach the Gospel. I am thankful that he will receive a just reward for all he has done and all the lives he has touched.

“ Stan was my companion in Oklahoma we laboured around the Tulsa area. He was such a blessing to be with. He cared for so many. I got to show him around the field when he came to Oklahoma area in our field. He soon took hold of the field and never made me feel uncomfortable. He was a joy to be around. I will miss him glad for my time spent with him. I remember special meeting rounds that year we were on the same route and had so much fun meeting new folks stan always had a love for the children and often photoed with one in his arms. Thanks for your service dear friend..... Mike Kiser
