Ronald Gene Sands, known to family and friends as Ron, passed away peacefully in his home in Fernandina Beach, Florida on April 20, 2026, after battling metastatic pancreatic cancer. He was eighty-two years old, and with his beloved wife Darla by his side, he went home to be with the Lord with a smile on his face.

Ron was born on November 22, 1943 in Kearney, Nebraska, to Alfred S. and Emma M. Sands. After graduating from high school, he enlisted in the United States Navy at the age of seventeen. He served on active duty from 1961 to 1964 as an Aviation Electrician Mate, with stations in San Diego, Jacksonville, and Sigonella, Sicily. After completing his graduate education, he returned to the Navy as a Clinical Psychologist and Trainer at the National Naval Medical

Center in Bethesda and the Naval Regional Medical Center in Jacksonville. He attained the rank of Lieutenant Commander, was awarded the National Defense Service Medal, and was honorably discharged after ten years, one month, and eleven days of service.

Ron's decision to leave the Navy was difficult, but he so enjoyed the work he had begun in Jacksonville and enjoyed the area that he started a private practice in Orange Park, Florida and served the population in the surrounding areas for 21 years.

Ron earned his Bachelor of Science in Psychology and Sociology from the University of Nebraska at Kearney, a Master of Arts in Clinical-Correctional Psychology from Middle Tennessee State University, and a Master of Science in Allied Health Services from the University of North Florida. He devoted his career to the care of people in crisis, serving juvenile offenders, those struggling with addiction, families in need of counseling, and law enforcement officers carrying the weight of their calling. He retired in September 2011 as Administrator of the Employee Assistance Program and Critical Incident Stress Management for the Jacksonville Sheriff's Office, and he remained a steadfast supporter of law enforcement until his passing.

Once asked what he would want a department in an educational building named after him, Ron answered without hesitation, "service, because service involves love." That single sentence captured the shape of his life. Not only did Ron give service to his country, but he also gave service to individuals throughout his career and personal life.

Ron was a believer who supported the work of the gospel going forth. He loved traveling to national parks with Darla, his wife of thirty-one years, their last trip together was to Mount Rushmore and the Badlands. He was also a dedicated student of the Martial Arts, earning several black belts in different

techniques, including his last one in Krav Maga during his employment at JSO.

One of the special traits about Ron that made Darla fall in love with him was that Ron enjoyed people of all walks of life, treating each person as an equal. He could start up a conversation with perfect strangers and carry on as if they had been friends for a long time.

He was preceded in death by his parents, Alfred and Emma Sands, and his son, Ralph Sands, and three older brothers: Ralph, Bill, and Wayne. He is survived by his wife, Darla; his sons, Shane Sands (Holly) and Lance Sands (Laura); his stepdaughter, Natalie Hannum (Dan); and his two grandchildren, Emma Sands and Andrew Sands, and step-granddaughter, Haley Carstens.

Ron will be laid to rest beside his parents in Kearney, Nebraska.
