“ Rosie was such an inspiration working the way she did with having polio and other health conditons but she continued to work to provide for her children. She was such a very loving women, she would help anyone and everyone. She was very loving and caring even when life threw curve balls to her. Her faith kept her going through everything. She will be missed by all that knew her. I will miss her so much, I stopped by when I went to Grand Island for my doctor's appointments and had lunch with her at times or talked with her. She would smile and I think she would remember who I was. I love you Rosie. God Bless You.
